

Proof Magazines

In addition to online proofing and ordering, all our packages include an 8.5 x 11 inch double-sided press printed proof magazine at no additional charge! Many brides order additional copies for use by their parents to facilitate viewing and print ordering. In fact, many brides ask us to produce a custom magazine for them in lieu of a traditional album. Custom magazines are available in standard press printing, or, for an additional price, can be printed on Kodak professional single-sided photographic paper.

Also Available with Leather Cover
